This support, organized in collaboration with Districts, the City of Kigali, and Ngali Holdings Ltd, will be provided at the Sector level across the country.

RRA calls upon all those who have **not registered their immovable property yet**, those who **have not declared their property tax as required by law**, and those who **wish to correct information about their property in the tax system**, to take advantage of this decentralized service support.

We also **remind property owners to declare their property tax for the year 2025 early enough** to secure sufficient time for preparing payment and further support if needed.
